Examination of the body

Based on information we received regarding a murder incident in the area of Zubair, along AlZubair road, upon which I headed to the scene of the incident. The body had already been moved to Basra General Hospital. The observations were as follows:

1. The body was that of the victim AbdulHussain Talab Hassan who was / year old.
2. The body was seen at Basra General Hospital, at the emergency unit, it was laid on a bed.
3. The body was in lead-colour trousers and brown(sic) shirt.
4. A trace of gunshots was seen on the top of the chest of the victim.
5. A trace of thick blood was seen on the body of the victim.
6. I did not see anything that could help the investigation.
